UNIQUE LOCKING SOLUTIONS & INNOVATIVE SECURITY TECHNOLOGIES FOR HAZARDOUS AREAS
**ABOUT SECUREX**

SECUREX TECHNOLOGY, IS A SPECIALIST SECURITY AND SAFETY SOLUTIONS PROVIDER

Supplying solutions for use in both Safe & Hazardous Areas (Zones 1 & 2, 21 & 22), we work with the very best security industry partners to provide the ultimate solutions for hazardous areas.

SecurEx offer a comprehensive range of high quality products supplied either as individual components or as matched building blocks of a complete bespoke solution.

Products typically are CE, ATEX, IECEx and UL certified for use in various gas and dust environments (see individual certifications). Wherever there is a hazardous area, we offer a solution. Our technology finds a home in diverse market sectors including:

OIL & GAS, PETROCHEMICAL, CHEMS & PHARMS, UTILITIES, FOOD, MILITARY, GOVERNMENT, BEVERAGE & DISTILLERIES, ETC.
When confronted with the requirement to install a security solution in a hazardous area many in the security industry simply do not know where to start. They may not know the statutory and regulatory requirements, understand what can actually be installed in these areas, how it must be installed or even have access to the technology and products to create the perfect solution. We do, and can guide you every step of the way. We can assist you from site survey to system specification, product (or solution supply) to installation and commissioning using both our own engineers and trained partners.

CONSULTANCY SERVICES

SecurEx offer a comprehensive range of high quality products supplied either as individual components or as matched building blocks of a complete bespoke solution.

TECHNOLOGY

Solutions

Need something unique or custom designed? Contact us with your requirements. If we don’t have something ‘off the shelf’, we may well be able to tailor a solution specifically to match your precise needs. Our trained Ex specialists and engineering team will be pleased to assist you.
SPECIALIST SECURITY PRODUCTS

We offer a growing range of specialist security products for use in both safe and hazardous areas. Our locking solutions are designed to meet all clients needs from simple access control to high security / counter terror and anti piracy off-shore.

We design and build our own general purpose electromagnetic and electromechanical locks and work in close partnership with Surelock McGill & Mico Tindall to create the very best in high security electromechanically actuated locking solutions for use in Zone 1 & 2 (Gas) & Zone 21 & 22 (Dust) Hazardous Areas.

Locking Technologies offered currently include:
- Shoot Bolt Locking Systems
- High Security Single & Multi Point Locking Systems
- Electric Strike / Latch Locks
- Electromagnetic Locking Systems & Shear Locks
- Keyed / Master Keyed Locking, Electronic Code & RFID Access Controlled Locks
- Emergency Escape solutions

ACCESS CONTROL

We offer our own matching range of Access Control products including RFID readers, ACUs, Controllers and matching accessories designed to make the system deployment and installation even easier.

Once again solutions are available for safe areas applications or for use in Zone 1 & 2 (Gas) & Zone 21 & 22 (Dust) Hazardous Areas.

Whether you use MIFARE, HID or another RFID/Proximity card technology, we are here to help and can guide you towards achieving the best solution.
### INTRUDER DETECTION

SecurEx Safe & Hazardous Area Intruder Detector products have been carefully selected or developed by us to match with both our own building block products and also to be compatible with a wide range of third party systems.

Our range of sensor & detector systems include:
- Mechanical / Reed / Proximity / Wireless contacts
- Door Contacts (Standard Grade 2 & Grade 3)
- Volumetric Detectors – PIR / Microwave
- Door Camera / Surveillance
- Perimeter detection systems

### ALARM SYSTEMS

We offer our own branded range of highly configurable Class 2 & Class 3 Access Control & Alarm System Units which provide a cost effective scalable solution suitable for managing access control for 5 to 500 users.

Our systems provide access control plus comprehensive multi-zonal intruder detection and alarming together with multi level access rights management.

Systems can be supplied and configured by our partners on-site or pre-configured in the factory ready for rapid commissioning and deployment.

### ACCESSORIES

Just purchasing a certified lock or reader is not the end of the story to meet ATEX, IECEx & UL directives and legislation. All of the installation has to comply.

We offer a fully matched range of Accessories to complete your installation including:
- Installation Kits
- Trunking Kits
- Ex d & Ex e Junction Boxes
- Specialist Certified Cable Glands
- Break Glasses
- REX Push Buttons
- Indicator Lamps & Door Lighting
HAZARDOUS AREA ‘Ex’ PRODUCTS

- LOCKING SYSTEMS
  - SX EX BASIC SHOOT BOLT LOCKING SYSTEM
  - SX EX SECURITY SHOOT BOLT SYSTEM
  - SX EX ABRYLL HIGH SECURITY LOCK
  - SX EX MAGNETIC LOCKING SYSTEM
  - SELECTION OF STANDARD CYLINDER LOCKS AND KEYING SYSTEMS

- ACCESS CONTROL
  - SECUREX DOOR CONTROLLER & ACCESS CONTROL SYSTEM (CLASS 3)
  - EX DOOR READER SYSTEMS (PYRAMID BASED)
  - EX READER & PIN PAD
  - EX PIN PAD

- INTRUDER DETECTION
  - EX DOOR CONTACT SWITCH
    - MECHANICAL TYPE
    - REED TYPE
    - PROXIMITY TYPE
    - WIRELESS
  - EX MO DOPPLER DETECTOR
  - EX IS2000 VOLTEK PIR
  - EX SECURITY CAMERAS

- ALARM SYSTEMS
  - SECUREX ALARM SYSTEM (CLASS 3)
  - EX HORNS
  - EX SOUNDERS
  - EX SPEAKER SYSTEMS
  - EX XENON & LED BEACONS

- ACCESSORIES
  - EX JUNCTION BOXES
  - EX GLANDS & TERMINATIONS
  - TRUNKING SYSTEMS
  - EX EXIT REQUEST TO EXIT PUSH BUTTONS (WITH OR WITHOUT TRAFFIC LIGHT STATUS)
  - EX BREAK GLASS CALL POINTS
  - EX LAMPS / STATUS INDICATORS
  - ATEX DOOR LIGHTING
  - EX DOOR ACCESSORY KITS

SAFE AREA PRODUCTS

- LOCKING SYSTEMS
  - ELECTRONIC LOCKS
  - ELECTROMAGNETIC LOCKS
  - SECURITY LOCKS
  - MAGNETIC LOCKS & SHEAR LOCKS
  - ELECTRIC STRIKE LATCH LOCKS
  - SELECTION OF STANDARD CYLINDER LOCKS AND KEYING SYSTEMS

- ACCESS CONTROL
  - SECUREX DOOR CONTROLLER & ACCESS CONTROL SYSTEM (CLASS 3)
  - DOOR READER SYSTEMS (PYRAMID BASED)
  - READERS & PIN PADS
  - PIN PAD

- INTRUDER DETECTION
  - DOOR CONTACT SWITCHES
    - MECHANICAL TYPE
    - REED TYPE
    - PROXIMITY TYPE
  - MICROWAVE DOPPLER DETECTOR
  - PIR MOTION DETECTORS
  - SECURITY CAMERAS

- ALARM SYSTEMS
  - SECUREX ALARM SYSTEM (CLASS 3)
  - HORNS
  - SOUNDERS
  - SPEAKER SYSTEMS
  - XENON & LED BEACONS

- ACCESSORIES
  - JUNCTION BOXES
  - GLANDS & TERMINATIONS
  - TRUNKING SYSTEMS
  - REQUEST TO EXIT PUSH BUTTONS (WITH OR WITHOUT TRAFFIC LIGHT STATUS)
  - BREAK GLASS CALL POINTS
  - LAMPS / STATUS INDICATORS
  - DOOR LIGHTING
WE PARTNER WITH SOME OF THE WORLD’S LEADING SECURITY PROVIDERS
